03 METHODOLOGY

We realize that having access to knowledge is good but gaining access to those that have wisdom (*applied knowledge*) and understanding is priceless. *Hungernomics™* is the study of impoverished communities plagued by scarcity, the associated negative health conditions, and the radical solutions to the problems using disruptive technology.

04 SAMPLE BONUS DATA

Monthly Social Determinants of Health Broadcasts – Brought to you by seasoned healthcare professionals.

Monthly Financial Literacy and Investment Strategies – Brought to you by certified banking and investment professionals.

05 RESULTS

Our course is not based solely on book (*classroom*) knowledge. Instead, since 2017, we've spearheaded a hands-on case study which is now being commonly referred to as Hungernomics. We've shared our vision with (*and gained support*) from notable organizations such as *CNBC, MSNBC, the American Heart Association, Fairlife, Amazon, UT Health Science Center, Boys & Girls Club, Jack & Jill Foundation*, and more...
